Speaker: Jace Tunnell—Beachcombing the Beaches of the Coastal Bend

The Harte Research Institute for Gulf of Mexico Studies at TAMUCC conducts weekly beach surveys to see what is washing up along our shorelines to educate the public about the amazing place we live. Jace Tunnell will present about some of the odd and interesting things he has found over the years in his beach surveys, including catching an alligator, finding a prosthetic leg, illegal fishing gear, creepy dolls, money, and much more.

Do you want to pre-pay for your meal? Click on the link to pre-pay for your meal by 9 am on Thursday.
