Speaker: Dr. Diana Ivy—Communicating Through the Generations

They say age is just a number, but numbers MATTER. The stock market, the price of eggs, the size of your raise or tax refund, a downpayment on a house—these numbers matter. Numbers can subtract, but they can also add. How can we add value to our communication? How can we best communicate when those numbers represent ages that sort us into generations? Dr. Ivy's presentation focuses on effective communication across generational divides.

***Past President Rick Ott will preside over the meeting**

Upcoming Speaker: Joint Meeting with Leadership Corpus Christi
